Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Saturday 06 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Often rather cloudy, with possible overnight frost.

Today:
A cold start to the day with a risk of frost. Remaining dry across the region with some bright spells, and clouds building up into the afternoon. Maximum temperature 8 deg C (46 deg F).

Tonight:
Largely dry into the night with clouds breaking up at times, allowing for some clear spells. Feeling cold with further frost possible. Minimum temperature 1 deg C (34 deg F).

Sunday:
Feeling chilly in the morning with potential frost from the previous night. Remaining fine and dry during the day with some bright spells. Maximum temperature 9 deg C (48 deg F).

Outlook for Monday to Wednesday:
Generally cloudy with occasional rain on Monday and perhaps again on Tuesday. Wednesday will bring outbreaks of heavy rain with a risk of coastal gales.
